BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

NOTES—First Sheet.

Extracts from Regis file No 28-19
Zamindars minutes

1. In the Sasana Representative Assembly of 1919, Mr. B.V.Rangaiya of the French Rocks Sub Taluk made a representation to the effect that the practice of levying Registration Fees in cash might be discontinued and that stamps be issued for the consolidated value of the proper stamp duty and registration fees (vide Subject No.56).

2. Mr. Karnick Krishna Murti Rao suggested that the Ceylon system might perhaps be introduced.

3. Section 18, (1) (3) and (4) of the Ordinance No. 14 of 1891 relating to the registration of titles to land and of all deeds affecting land in Ceylon indicates that all charges for registration in that Colony are levied in the shape of duties on stamps affixed at the time of registration.

4. The clauses of the Section referred to are as follows

"It shall be lawful for the party gaining an interest or benefit under any deed, judgment, order or other instrument required to be registered under section 16, personally or by his agent to produce the same, or a duplicate or authenticated copy thereof, to the Registrar of the district in which the land or property thereby affected is situated; and such Registrar shall forthwith, upon delivery to him of the proper stamp for registration, register the same on the appointed page of the book assigned for the division, village or district, and shall trasmit a note of such registration to the office of the Registrar-General of Lands to be filed of record."

(3) "No deed, judgment, order or other instrument shall be registered unless the same has been stamped with a stamp denoting that the duty payable thereon has been duly paid as hereinafter provided.

(4) " The duty payable for the registration of the several instruments mentioned and described

in the third schedule hereunto annexed shall be the amount set down in figures against the same respectively together with the additional duty, if any, payable under Section 20."

5. The annual report of the Registrar General of Lands for 1918 shows that the revenue under Registration is mostly levied by means of stamp duty and that fees are only charged for searching and copying documents.

6. It would also appear that until last year the duties for registration and under the Stamp Laws were separately levied, the amounts being fixed under different Ordinances and at varying rates as illustrated in the statement appended.

7. The report of the Registrar-General referred to above shows that the Ceylon Legislature has passed Ordinances amalgamating the duties under the Stamp and the Registration Ordinances and that these are expected to come into force shortly.

8. Fees for registration of documents are levied in Mysore under Section 80 of Registration Regulation I of 1903 which runs as under

"80. All fees for the registration of documents under this Regulation shall be payable on the presentation of such documents."

The practice in British India is also the same as in Mysore.

9. If the Ceylon system is to be introduced into Mysore, the only action necessary will be

(a) either to amend Section 80 of the Regulation by adding an explanation that the fees will in future be payable in stamps or

(b) to pass a rule under the Regulation to the effect that instead of the payment in cash, stamps may be affixed for registration fees.

10. Such a procedure will be analogous to the

syster.

system prevailing in the Indian Telegraph Department for the levy of telegram charges.

11. In case it is considered advisable to levy Registration charges by means of stamps, it may probably be advisable, until some more experience is gained, to levy the stamp and the registration duties separately and not to amalgamate them. The opinions of the Inspector General of Registration and the Government Advocate may be obtained and the question worked up and decided, if possible fore the next session.

12. Copies of the Ceylon Stamp and Registration Ordinances, the Report of the Registrar-General of Deeds for 1918. and the Ceylon Blue Book, 1918 are put up herewith for reference." Initd/ m.K.W

x x x x x x x

14. The proposal to recover Registration Fee in the shape of stamps instead of in cash is based upon a belief that such a system will tend to minimise the chances of fraud being practised on illiterate persons by inducing them to pay amounts in excess of the authorised fees. This system may therefore be introduced and tried as an experimental measure, for a year or two, as it will also be a relief to the Sub Registrars who have at times to retain the fees recovered in cash in their own hands on account of the amounts being received after the usual treasury time.

15. Stamp duties and Registration Fees are recovered under different Regulations and at different rates. Apart from the desirability or otherwise of such a step, the amalgamation of these two - charges is a measure which will involve fresh Legislation. For the present, therefore, a new series of adhesive stamps called "Registration Stamps " may be got manufactured and arranged to be sold to the public in the same manner as the

General

and Court Fee Stamps."

Sd/. M. R. Ry. and Mr. Kanagasabai
D. S. of Regn.

x x x x

17. If to Government the advantage of introducing the Ceylon Scheme appears to be real, a point on which perhaps there may be a difference of opinion, it may be given effect to in the manner proposed by amending Section 80 of the Registration Regulation in a suitable manner and prescribing the necessary rules and schedules.

Sd/- C.S.D.
25-4-1920.

x x x x

19. Section 80 of the Registration Regulation authorises the levy of fees at the time of the Registration of documents. Cannot provision for the levy being made in stamps be made under the rules? I am in favour of the adoption of this practice.

Intd/- P.R.R.
7-5-1920.

20. Since Section 69 of the Registration Regulation empowers Government to frame Rules consistent with the Regulation, it would seem that Government may frame a Rule requiring the payment of Registration fees in special adhesive stamps. Although there is no provision in the Registration Regulation requiring payment of the fees in stamps, framing of a rule to that effect will not be inconsistent with the Regulation. In British India, the Rules framed by the Government of India require the payment of telegram charges in stamps. (Vide page 15 of the Indian Telegraph Act, XIII of 1885, itself does not require the payment of the fees in stamps. The Act merely authorises the Government of India to frame Rules as regards the rates of fees payable and other cognate matters. (Vide Section 7, clause (2 Sub clause (a) of the Indian Telegraph Act). But the Government of India have taken advantage of this provision not only to fix a scale of fees for

telegrams, but have also framed a rule requiring that the fees should be paid in cash or in stamps. In doing so, the Government of India seem to have acted on the principle that the framing of such a Rule is not inconsistent with the Act itself. It would seem that the Government of Mysore may if they choose, adopt a similar policy in regard to fees payable under the Registration Regulation. After all the issue of special stamps for this purpose does not involve a material alteration of the existing Rules, since the stamps only replace the receipts now granted by Government for the payment of fees.

W.S.

x x x x x x x x x

x x x x

Intd/- G.S.H.
19-5-1920.

23. The Leg. Branch or the Government Advocate may be consulted as regards the point of law involved.

x x x x

Intd/- P.R.R.
24-5-1920.

29. The rule for the payment of telegraph charges provides for an alternative since the charges may be paid either in cash or stamps, Under Section 69 of the Regulation, it is the I.G. of Registration who is empowered to make rules, subject to the approval of Government, and the subjects on which the rules can be framed are expressly enumerated in the said section. Since the power to prepare a table of fees and to alter such table, from time to time has been reserved by Government, under Section 78 of the Regulation, it seems convenient to suitably amend Section 80 of the Regulation to serve the purpose required.

Intd/- P.M.
17-7-1920.

33. It seems best to suitably amend the Section 80 Registration Regulation. It could hardly have been in contemplation to confer such powers by Section 60 on the I.G. of Registration, as to make a rule insisting on the presentation of stamps and not of cash for effecting Registration. By the method (of amending Section 80) the pros and cons of the proposed measure will also be threshed out in the Legislative Council.

Intd/- H.N.R.

20-7-20

34. The Government Advocate is also of opinion that Section 80 of the Regulation may be amended, Steps may, if approved, be taken in this behalf in the Legislative Section.

Intd/- B.R.
27-7-20.

35. I agree.

presented for Registration.

Fraudulent use of stamps once used may be prevented by requiring the Registering officers to punch them promptly on receipt of the documents to which they are attached. The stamps may also be cancelled by means of a rubber stamp in addition as a further safe-guard. It is a point for consideration whether it is desirable to provide a penal provision in the Registration Regulation itself for fraudulent use of Registration stamps which have been once used.

55) I am quite agreeable to the suggestion referred to above. It is desirable to have the provision in the alternative. The making of issuing a set of stamps (adhesive) for Registration purposes is receiving attention in the Stamps Dept & it will take some time before the decision. From this point of view also it is convenient if both methods of levy are authorised.

Subject:-

Amendment of the Registration Regulation.

Z 69 It was urged in the Dasara Session of the Representative Assembly 1919 that the practice of levying registration fees in cash might be discontinued and stamps issued for the consolidated value of the proper stamp duty and registration fees. It was also suggested that the Ceylon System might be introduced.

70 2. Sub Section 3 of Section 18 of Ordinance No.14 of 1891 of the Ceylon Government provides that every instrument registered has to be stamped with a stamp denoting that the duty payable thereon has been duly paid.

3. I was not sure of the successful working of such an arrangement and I also considered it doubtful if the stamps of the present denomination would be sufficient for the purpose. I therefore suggested that the new system may be tried as an experimental measure and that the Registration Regulation may be so amended as to provide for the payment of fees in cash or by means of stamps affixed to the document as the Government may from time to time direct, so that if the experiment now proposed fails, the Government may, without having recourse to fresh legislation, adopt the present procedure.

4. A draft Bill has accordingly been prepared which has been agreed to by the Dewan and other Members of Council.

5. The Bill may be graciously approved and permission granted to place it before the Legislative Council.

2nd February 1921.

No. Col 948 Confl 8/2

, the *191*

Date of issue 8th March 1921

To The F. A. Resident

Signed by J. B. Ramaswamy Ayr,

I am directed to forward herewith a [redacted] of the Bill further [redacted] and the Mysore [redacted] tion Regn., 1903 together with a copy of the [redacted] Statement of objects & reasons which explains the scope of the Bill

over.

Draft. 33

Bill further to amend the Mysore Registration Regulation, 1903.

Whereas it is expedient further to amend the Mysore Registration Regulation 1903; His Highness the Maharaja is pleased to enact as follows :--

Amendment of S. 80

The full stop at the end of Sec. 80 shall be replaced by a comma and the following words added :--

"either in cash or by means of adhesive stamps affixed thereto, as the Government may from time to time, by notification in the official Gazette, direct."

11/2021

Statement of Objects and Reasons.

34

It was urged in the Dasara Session of the Representative Assembly in 1919 that t practice of levying Registration fees in cash might be discontinued and stamp -- papers issued for the consolidated value of the proper stamp duty and registration fees. It was also suggested that the - Ceylon system might be introduced.

Section 18 of the Ceylon Ordinance No. 14 of 1891 indicates that duties payable for registration in that Colony are levied by means of stamps.

It is proposed to try that system in the State as an experimental measure and to reserve to Government power to direct the payment of registration fees in cash or by means of stamps affixed to the document, so that if the proposed experiment fails to serve the purpose in view Government may, without having recourse to fresh legislation, adopt the present procedure. Hence the accompanying draft Bill to amend the Mysore Registration Regulation.

It is considered desirable, till some experience is gained, to levy the Stamp and Registration duties separately. Further th amalgamation of these two charges will - involve fresh legislation as they are, at present, being recovered under different - Regulations and at different rates.

NOTIFICATION.

Notification No. 514—L. C., dated 5th April 1921.

Under Rule 31 of the Rules for the conduct of business of the Mysore Legislative Council, the accompanying Bill further to amend the Mysore Registration Regulation, 1903, is published for general information with the statement of objects and reasons.

By Order,
P. MAHADEVAYYA,
Secretary, Mysore Legislative Council.

Bill further to amend the Mysore Registration Regulation, 1903.

Whereas it is expedient further to amend the Mysore Registration Regulation, 1903; His Highness the Maharaja is pleased to enact as follows :—

Amendment of Section 80.

The full stop at the end of Section 80 shall be replaced by a comma and the following words added :—

"either in cash or by means of adhesive stamps affixed thereto as the Government may, from time to time, by notification in the official Gazette, direct."

STATEMENT OF OBJECTS AND REASONS.

It was urged in the Dasara Session of the Representative Assembly in 1919 that the practice of levying Registration fees in cash might be discontinued and stamp papers issued for the consolidated value of the proper stamp duty and registration fees. It was also suggested that the Ceylon system might be introduced.

Section 18 of the Ceylon Ordinance No. 14 of 1891 indicates that duties payable for registration in that Colony are levied by means of stamps.

It is proposed to try that system in the State as an experimental measure and to reserve to Government power to direct the payment of registration fees in cash or by means of stamps affixed to the document, so that if the proposed experiment fails to serve the purpose in view, Government may, without having recourse to fresh legislation, adopt the present procedure. Hence the accompanying draft bill to emend the Mysore Registration Regulation.

It is considered desirable, till some experience is gained, to levy the Stamp and Registration duties separately. Further the amalgamation of these two charges will involve fresh legislation as they are, at present, being recovered under different Regulations and at different rates.
